#### General data

|                          |                 |
|--------------------------|-----------------|
| Material of the actuator | Stainless steel |
| Gross weight             | 20 g            |

#### Mechanical data

|                           |        |
|---------------------------|--------|
| Actuating radius, minimum | 140 mm |
| Actuator                  | angled |

## Note

|                |                                                                                                            |
|----------------|------------------------------------------------------------------------------------------------------------|
| Note (General) | minimum actuating radius on hinged guards in line with the plane of the actuator 200 mm                    |
|                | minimum actuating radius on rotating guard systems via the narrow edge of the actuator 140 mm              |
|                | The axis of the hinge must be 13 mm above and in a parallel plane to the top surface of the safety switch. |
